

Sport Governance

Our law office, Marios Papaloukas & Associates provides full advice on sport governance issues. Over the last decade we have developed a speciality in working with sports organisations and other entities in the sport sector. Based on our experience and knowledge we are offering our clients consulting services on Sport Governance issues.

The founder of our office, Professor of Sports Law Marios Papaloukas has been also involved in academic research on Sport Governance and has introduced for the first time in Greece the subject of Sport Governance as a chapter of the sports law course.
